### NOTES:

1. All participants shall perform their audition repertoire in the order they choose. Please be in contact with your singers about their performance order before they arrive to the audition. Make sure that pianists are aware of the performance order and have their musical scores organized. The audition time begins when the singer announces their first selection and continues unstopped until the audition time limit expires or when repertoire is extinguished, whichever comes first.
2. Students must average a 90 or higher in their first round AND be in the top 3 scorers in their category to advance to the Finals. No more than three singers will be allowed into Finals for any category, unless there is a tie that necessitates advancing more than 3 singers to Finals.
3. This year, announcements of participants advancing to Finals will be made on Facebook. Please [follow the North Dakota NATS Facebook Page](#) to get real-time updates on who makes the Finals. Names will be listed in alphabetical order. We will **not** hang signs in the corridors/hallways.
4. In order to end our day on time, all Finalists are limited to 4 minutes of performance time in Finals. Please prepare your students to use judicious cuts for selections longer than 4 minutes.
